

After a distinguished career as a doctor, teacher, politician, and humanitarian, Dr. Barbosa passed away on September 21, 1921, without reaching his dream of having Puerto Rico become a State of the Union, but proud to have become a citizen of the United States in 1917.

On statehood for Puerto Rico, Dr. Barbosa said: "Puerto Rico aspires to reach all the rights granted by U.S. Citizenship, in the same method, in the same manner, under the same form, and under the full integrity as the one enjoyed by the residents of any of the regions that are called States of the American Union. To that we aspire, that is what we want, that is what we shall have."

On the political relationship between Puerto Rico and the United States, Dr. Barbosa made the following statement: "We want, and we ask, for equality. Not colonialism or protection. Since the American Flag first waved over Puerto Rico, those have been the ideals that we have defended."

Dr. Barbosa's lifelong dream was to have Puerto Rico admitted as a State of the Union. I share that dream, and I find no better way of honoring him today, than to pledge to pursue his goal, to the best of my ability, of having Puerto Rico become an integral part of this great Nation.

IN HONOR OF THE MOSES AND  
AARON FOUNDATION SPECIAL  
FUND FOR CHILDREN

**HON. JERROLD NADLER**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 27, 2005*

Mr. NADLER. Mr. Speaker, I rise today to honor the Moses and Aaron Foundation Special Fund for Children, a truly distinguished organization that assists children with disabilities and their families.

Created in the memory of Rabbi Dr. Maurice I. Hecht and Aaron Kaploun, the foundation has kept alive Dr. Hecht and Mr. Kaploun's commitment to community service through counseling, guidance, wheelchair assistance, and financial assistance to those families with special children.

I believe that the foundation's work is a shining beacon of light for children in need. Examples of such work include providing educational scholarships, clothing and presents.

In addition, the Moses and Aaron Foundation under the direction of its President Rabbi Yaacov Kaploun, and Executive Vice President Yehuda Kaploun, in cooperation with Bally Fitness Centers, has established 27 therapy and physical fitness centers and has arranged for sound and musical equipment in other institutions.

As the foundation hosts its 9th annual Chazak Summer Concert for Special Children on August 20, 2005, we are again reminded of all that the Moses and Aaron Foundation has contributed to the greater American community. For the past 8 years, the Motzei Shabbat Nachamu Concert, at Sullivan Community College Field House in Loch Sheldrake, New York, has benefited special children and their families by offering them an enjoyable night of music, dancing and plain good fun.

The concert will honor and pay tribute to the special and outstanding children who will be

the guests of honor and will perform with the entertainers on stage. More than 40 organizations and schools serving the physically and mentally disabled children will be represented.

The Chazak Concert in connection with the many other programs operated by the Moses and Aaron Foundation, demonstrate a caring and compassionate concern for the quality and dignity of life of those in need, and therefore merits appreciation.

I would also like to applaud the Honorary Chairman and Nobel Laureate Elie Wiesel, President Rabbi Yaacov Kaploun and Executive Vice President Yehuda Kaploun for their hard work and commitment to children of special needs and their families.

I pause to commemorate the recent passing of Mrs. Tzipora Kaploun of Jerusalem, Israel, wife of the late Aaron Kaploun. She instilled in her children, grandchildren and great grandchildren the importance of community service and a compassion for those individuals who require the assistance and support of those who are blessed with ability to provide and assist. She exemplified the principles upon which the Foundation is based.

I recognize Mr. Jerry Rothman, recipient of the Dr. Steven Stowe Acts of Kindness Award and remember fondly his late wife Anita Rothman, whose acts of charity impacted the lives of many in the course of their 65 years of marriage. We remember the social service and kindness of the late Issac Weinberger who recently passed, and his wife Anne Weinberger.

As the Moses and Aaron Foundation Special Fund for Children commemorates this special event, I urge my colleagues to join me in paying tribute to an organization that provides such an essential service to the community and truly exemplifies the generosity of Americans.

HONORING THE SERVICE OF  
TOMMY MAGGIO

**HON. JOHN D. DINGELL**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 27, 2005*

Mr. DINGELL. Mr. Speaker, I rise today in honor of my friend Tommy Maggio, who, after 32 years of service to this institution, will be retiring at the end of the month.

Thomas P. Maggio was born April 28, 1929 and raised in Washington, DC. Tommy served our Nation in the Navy, from 1951 to 1955. Serving in Norfolk, VA and Green Coast Springs, FL, Tommy was stationed on the USS *Whitley*, and was part of a marching band. Tommy married his wife Anita in 1963; she too will be retiring, after many years of service in my colleague Congresswoman ILEANA ROS-LEHTINEN's office.

For many of us, Tommy provides a warm greeting in the morning, as well as wonderful conversation. Every morning when I see him, I call out to Tommy, "Bonjeourno Thomaso," to which he replies "Bonjeourno, bonjeourno." I cannot help but enjoy this warm Italian greeting. Tommy is loved by all of the members he serves. We wish Tommy well and we all deeply appreciate his dedicated and decent service. I will certainly miss him. I wish Tommy and his dear Anita many good years, filled with family, friends and good health. On behalf of my staff, myself and the lovely Deborah, and all my colleagues: Thank you, Tommy.

NASA LAUNCH

**HON. TOM DELAY**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 27, 2005*

Mr. DELAY. Mr. Speaker, yesterday at 10:39 a.m. on the east coast, five men and two women were launched from Cape Canaveral, Florida, aboard the space shuttle *Discovery*, rocketing into low-earth orbit at 17,000 miles per hour. . . another small step for man, another giant leap for mankind.

Yesterday's successful launch will not simply pick up where America left off two years ago after the *Columbia* disaster.

Yesterday's launch instead opens a new era of space exploration—an era defined by President Bush's ambitious new vision and made possible by the courage and brilliance of the men and women of NASA.

Every resource of our space program will be dedicated to this new mission:

The shuttle has returned to flight and will work to complete the International Space Station now orbiting the earth 250 miles above our heads;

Scientists and astronauts aboard the station will conduct unprecedented research on the long-term exposure of human beings to microgravity and radiation, to test our endurance for prolonged space-travel;

Meanwhile, here on earth, engineers and scientists will design a new crew exploration vehicle that will eventually replace the shuttle and take mankind back to the moon, where more historic discovery and science can be pursued.

All of these endeavors will lead our space program toward our next giant leap—a manned mission to Mars.

The first step of that journey was taken yesterday morning, Mr. Speaker, and once again, NASA's army of geniuses has set us on a clear path toward our destiny.

I spoke with mission Commander Eileen Collins a few weeks back, and she said her crew was ready and eager to return the shuttle to flight.

I also spoke with NASA Administrator Mike Griffin today, to congratulate him and the entire NASA team on a successful launch, as well as to commend him on an incredible first 3-plus months on the job.

The country is lucky to have a man like him in public service heading up the finest space agency in the world.

Yesterday, Americans learned once again that we have the resources and the personnel to do the impossible, Mr. Speaker.

I commend every member of our space community for keeping the *Discovery* crew's appointment with history, and while we wait for their safe return next week, our hopes and prayers are with them all.
